

THE SECOND DAY OF THE MEDICAL CONVENTION

From Friday's Daily:

The principal event of the morning session was the election of officers, which was preceded, however, by the reports of several of the officers.

The secretary, Dr. Fernandez, reported quite an increase in the membership of the association during the past year and four members have died.

Dr. Fernandez said he had a notice from the national association, who were offering a prize for the best essay on tuberculosis, and he hoped some of the members of the Florida association would compete for the prize.

The following were the officers that were elected for the ensuing year:

Dr. J. F. McKinstry, Jr., Gainesville, president.

Dr. J. D. Love, Jacksonville, first vice president.

Dr. W. H. Powers, Ocala, second vice president.

Dr. Peek, Manatee, third vice president.

Dr. J. D. Fernandez, Jacksonville, secretary and treasurer.

Dr. C. E. Terry, Jacksonville, librarian.

Dr. J. Harris Pierpont of Pensacola was elected delegate to the next meeting of the American Medical Association.

Pensacola was selected as the place for holding the next convention on the first Wednesday in April next.

At the morning session several fine papers were read, among them being that of Dr. Van Hood on his "Visit to the Mayo Clinic at Rochester, N. Y."

"Tubercular Arthritis and Osteitis of the Second Cervical Vertebrae," by Dr. F. W. Wilcox of St. Petersburg.

"The Leucocytes in Appendicitis," by Dr. Raymond C. Turck of Jacksonville.

After the adjournment, Mr. N. I. Gottlieb took a photograph of the association on the court house steps.

Excursion in the Afternoon

The afternoon was devoted to an excursion to Silver Springs. A special train was chartered, which left the depot at 2 o'clock. On reaching the springs the crowd boarded three boats, those of Captain W. H. Clark, Captain P. T. Randall and the Camp launch. The Randall boat is a very large one, and all three of the boats were loaded, and the ride for several miles down this famous beautiful and picturesque run was most delightful. Most of the visitors had never before seen the springs, and they, like everyone who visits this beautiful stream of water, were simply charmed with its wonderful and weird loveliness, and were delighted to have had the opportunity of enjoying this trip.

Reception at the Ocala House

In the evening there was a reception at the Ocala House in compliment to the visitors, at which the wives of the Ocala physicians were the hostesses.

The large parlor of the hotel had been attractively decorated for this prominent event. Mrs. Walter Hood, Mrs. W. V. Newsom and Mrs. E. P. Moody having had the decorations in charge, and having displayed charming taste in the arrangements.

Dr. W. H. Powers, president of the Marion county medical association, and Mrs. Powers were at the head of the receiving line, and next to them was Dr. D. M. Smith, the secretary, with Mrs. Smith.

Dr. W. P. Lawrence of Tampa, president of the state association, stood with Mrs. W. V. Newsom while Dr. Newsom acted as the master of ceremonies.

The other physicians and their wives in the receiving line were Dr. and Mrs. Walter Hood, Dr. and Mrs. H. C. Dozier, Dr. and Mrs. A. L. Izlar, Dr. and Mrs. Van Hood, Dr. and Mrs. J. M. Thompson, Mrs. E. P. Moody and Dr. Duncan of Atlanta.

The ladies all wore lovely gowns and were indeed an attractive group of matrons. The reception was very informal, and a charming hour or more was whiled away by not only the distinguished out of town visitors but as well by the many home folks who were present, the usual compliments of social intercourse and exchange of pleasantries contributing their share to the general pleasure of the evening.

In one end of the parlor were four immense punch bowls, and the thirsty ones were very happily looked after by a bevy of our charming young ladies—Miss Edna Dozier, Miss Louise Harris, Miss Jean Teague, Miss Annie Davis, Miss Elizabeth Newsom, Miss Annie Atkinson, Miss Bessie Porter, Mrs. Cecile Craft and Mrs. Jack Rentz, who served a most delicious beverage all during the hours of the reception.

All during the receiving hours beautiful music was rendered on piano and violin by Prof. W. S. Pike and Miss Pansy Souter.

The wives of the local physicians should feel very much gratified over the success of this pleasant event.

LAST SESSIONS OF THE MEDICAL CONVENTION

At the evening session at the court house Thursday night, Dr. Hiram Bird of Jacksonville made a very delightful address on the subject of "Mosquitoes and Parasites." His address was attractively delivered and was illustrated with stereopticon views.

Dr. Thomas C. Thompson of Jacksonville, formerly of this city, read a well prepared article on the "Rational Treatment of Syphilis and Rheumatism."

The evening session closed with a paper on the "Larval Tapeworm in Human Flesh," by Dr. H. Gates of Manatee.

At the morning meeting Friday several other splendid papers were read notably those of Dr. H. C. Dozier of this city, on the "Report of a Case of Hemato-Chyluria, Due to Filaria Sanguinis Hominis;" "Hemorrhagic Fever," by Dr. J. D. Bennett of Crystal River. Dr. Duncan of Atlanta, who came down for the convention, read a paper on "Germs and Diseases," which concluded the program.

The association tendered a vote of thanks to the physicians of Ocala and to the citizens for their courtesies to them during their stay in this city.

The visiting doctors have now all returned to their homes, carrying with them a delightful impression of our little city, and Ocala was delighted to have had the pleasure of entertaining these distinguished visitors.

\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. Cheney & Co., Toledo, Ohio.
Sold by all druggists, 5c.
Take Hall's Family Pills for constipation.

WHAT JAMES R. DAY SAYS

"My heart burns as I hear the rich brought into contempt. I believe in labor unions. There is no one of us here who has not worked with his hands. I know the laboring man, and he is the noblest man upon earth. But I wouldn't have the labor unions say who shall or shall not work, or post the unfair sign upon my university. I believe in arbitration, but not rioting mobs."

"I would not take the labor leader, as a labor leader, into church, save it was to lead a class meeting. I think it would be a mischief-making, dangerous concession. The door of every church should be open to every man. But what I do say is that the organization should not be taken in as an organization, or the representative as the representative, just as I would not take the Wall Street magnate into the church as a magnate or the head of a corporation as that head. These men should come, and do come, into the church as men, and not as anything else."

"Now, on the other hand, I wouldn't abuse the rich. The rich are not to be made an ostracized class. I feel sorry that they are. Jesus scored some rich men, but he praised others, the men who gave to Christian service. I feel with the late Bishop McCabe, who scorned those who held in popular contempt the men who gave generously and widely to the benevolences of the church."

MR. FLAGLER HAS BECOME A CITIZEN

Mr. H. M. Flagler is now a citizen of St. Augustine. He registered today in the fifth ward, and is qualified to vote at the next election.

Mr. Flagler made inquiries this morning regarding the precinct in which he was located, expressing his intention of registering. As he is located at the Ponce de Leon Hotel he is in the fifth ward, and the registration officer, Mr. E. M. Lopez, of that ward, carried the book to the hotel where Mr. Flagler inscribed his name and became a duly qualified citizen of this city and county.

Heretofore Palm Beach has claimed Mr. Flagler as a citizen, but St. Augustine has taken Florida's most famous citizen away from the lower east coast resort.

Some time ago Mr. Flagler expressed his intention of becoming a citizen of St. Augustine and the announcement was received with pleasure here.—St. Augustine Record.

What if the Times-Union were to smile on the Tallahassee Sun just once? But like the Sphinx, it refuses to give even one little blink.

RIFLE RIPLETS

Pensacola, Fla., April 17, 1908.

Special Cor. Ocala Banner:

The boys are "ticked to death" with the girls of Pensacola. They are so sweet and bewitching.

Most all of the boys have sweet-hearts who chat with them during the day while they are guarding the tracks. It makes the time pass much faster.

The people in Ocala must not feel anxious about the boys, for we are among the most hospitable people in the world.

Tuesday we were on Government street, Wednesday we were on Palafox, Wright and Alcaniz, and Thursday we were on Wright, Eighth avenue and Jackson street.

We are all getting fat. The home folks won't know us when we get back. Chicken? Well, I guess, yes, and ice cream, too; just anything nice you can think of and a plenty of it. We do not eat the "beans" and "hash" the government gives us.

The Pensacola papers have given several of the men in our company some very nice notices.

The Y. M. C. A. have thrown their doors open to all the companies. They have a fine building, and the shower baths are something fine.

Most all the boys are broke, and the "pan-handle" act is very popular. The writer is in the bunch.

It is reported today that we will be here about thirty days longer, and all the quartermasters are to be sent back to get the whole outfits of the companies.

If they keep us up here very long there will be several "Mrs.'s." to come back with the boys. Real estate men and capitalists, make note of this and build some fine residences, as there are several millionaires in the bunch.

The little boys (union) get hold of the guy wire and shake the trolleys off, and the "scabs" have to get out and put it on.

The reports of the trouble here are greatly exaggerated.

CRACK SHOT.

SUNSHINE AND SHADOW

There are only two kinds of people in the world—the people who live in the shadow and gloom and those who live on the sunny side of the street. These shadowed ones are sometimes called pessimists; sometimes people of melancholy temperament; sometimes they are called disagreeable people, but, wherever they go, their characteristic is this; their shadows always travel before them. These people never bear their own burdens, but expose all their wounds to others. They are all so busy looking down for pitfalls and sharp stones and thorns on which to step that they do not even know that there are any stars in the sky. These folks live on the wrong side of the street. And yet it's only twenty feet across to the other sidewalk, where sunshine always lies.—Newell Dwight Hillis.

Like Sempronius, Hobson's voice is still for war.

PROMOTED

(In Memory of Col. L. J. Parr.)

In the hush of early morning
There sounded a bugle cry,
And the soldier, softly sleeping,
Was summoned to come on high.

Then silently went he forward,
As the captain gave command,
With his angel troops to guard him
Safe into the promised land.

Where sound of war is never heard,
And strife is forever past,
Where friend and foe together rest
In brotherhood sweet at last.

Sheathe his sword, it is useless now,
Save for the memory it bears,
His suit of gray he'll need no more,
Since robes of righteousness he wears.

He served his country in the past,
And then with his failing breath,
He conquered in the last great fight
With the giant monster—death.

And here we count him hero
For his faithful service done,
And Heaven's artillery sounded loud
As his freedom there he won.

NEIGHBOR.

Ocala, Fla., April 17, 1908.

HON. W. D. CARN REPLIES TO OPEN LETTER OF THE ANTI-SALOON LEAGUE

Ocala, Fla., April 20, 1908.
Mr. W. T. Gary, Pres. Marion County Anti-Saloon League, Ocala, Fla.:

Dear Sir—Your letter of April 13, addressed to me and other candidates for the legislature, asking: "If elected a member of the next legislature, will you advocate and vote for a resolution proposing a constitutional amendment that will submit direct to the people the question of state prohibition; or will you vote to refuse the people of Florida the privilege of passing on this important question?" was received.

In answer to your question, I wish to say that while I am not a candidate for that purpose alone or on any one issue, should I be so successful as to be elected, I shall advocate, work and vote for a resolution submitting direct to the people the question of state prohibition.

Respectfully,
W. D. CARN.

"One Touch of Nature Makes the Whole World Kin"

When a rooster finds a big fat worm he calls all the hens in the farm yard to come and share it. A similar trait of human nature is to be observed when a man discovers something exceptionally good—he wants all his friends and neighbors to share the benefits of his discovery. This is the touch of nature that makes the whole world kin. This explains why people who have been cured by Chamberlain's Cough Remedy write letters to the manufacturers for publication, that others similarly ailing may also use it and obtain relief. Behind every one of these letters is a warm hearted wish of the writer to be of use to someone else. This remedy is for sale by all druggists.

P. P. P.

(Prickly Ash, Poke Root and Potassium.)

—MAKES POSITIVE CURES OF ALL FORMS AND STAGES OF—

Physicians endorse P. P. P. as a splendid combination, and prescribe it with great satisfaction for the cures of all forms and stages of Primary, Secondary and Tertiary Syphilis, Syphilitic Rheumatism, Scrofulous Ulcers and Sores, Glandular Swellings, Rheumatism, Kidney Complaints, old Chronic Ulcers that

SYPHILIS

have resisted all treatment, Catarrh, Skin Diseases, Eczema, Chronic Female Complaints, Mercurial Poison, Tetters, Scaldhead, etc., etc.

MILLINERY, Ocala House Millinery Parlors

Our annual Spring Opening was the best and most satisfactory in the history of this establishment, and the many satisfied customers is a splendid indication that they are also well pleased. However, a large number of our Prettiest Pattern Hats are still here, and those who have not yet been supplied will do well to call and let us show this line. To describe these hats is not possible in this small space, but we ask the ladies from out of town especially to come in and inspect them.
